The animals went in seventeen by seventeen, The grasshopper and the cricket. The animals went in eighteen by eighteen, The butterfly and the dragonfly. The animals went in nineteen by nineteen, The cicada and the katydid. The animals went in twenty by twenty, The grasshopper and the cricket. The animals went in twenty-one by twenty-one, The butterfly and the dragonfly. The animals went in twenty-two by twenty-two, The cicada and the katydid. The animals went in twenty-three by twenty-three, The grasshopper and the cricket. The animals went in twenty-four by twenty-four, The butterfly and the dragonfly. The animals went in twenty-five by twenty-five, The cicada and the katydid. The animals went in twenty-six by twenty-six, The grasshopper and the cricket. The animals went in twenty-seven by twenty-seven, The butterfly and the dragonfly. The animals went in twenty-eight by twenty-eight, The cicada and the katydid. The animals went in twenty-nine by twenty-nine, The grasshopper and the cricket. The animals went in thirty by thirty, The butterfly and the dragonfly. The animals went in thirty-one by thirty-one, The cicada and the katydid. The animals went in thirty-two by thirty-two, The grasshopper and the cricket. The animals went in thirty-three by thirty-three, The butterfly and the dragonfly. The animals went in thirty-four by thirty-four, The cicada and the katydid. The animals went in thirty-five by thirty-five, The grasshopper and the cricket. The animals went in thirty-six by thirty-six, The butterfly and the dragonfly. The animals went in thirty-seven by thirty-seven, The cicada and the katydid. The animals went in thirty-eight by thirty-eight, The grasshopper and the cricket. The animals went in thirty-nine by thirty-nine, The butterfly and the dragonfly. The animals went in forty by forty, The cicada and the katydid. The animals went in forty-one by forty-one, The grasshopper and the cricket. The animals went in forty-two by forty-two, The butterfly and the dragonfly. The animals went in forty-three by forty-three, The cicada and the katydid. The animals went in forty-four by forty-four, The grasshopper and the cricket. The animals went in forty-five by forty-five, The butterfly and the dragonfly. The animals went in forty-six by forty-six, The cicada and the katydid. The animals went in forty-seven by forty-seven, The grasshopper and the cricket. The animals went in forty-eight by forty-eight, The butterfly and the dragonfly. The animals went in forty-nine by forty-nine, The cicada and the katydid. The animals went in fifty by fifty, The grasshopper and the cricket. The animals went in fifty-one by fifty-one, The butterfly and the dragonfly. The animals went in fifty-two by fifty-two, The cicada and the katydid. The animals went in fifty-three by fifty-three, The grasshopper and the cricket. The animals went in fifty-four by fifty-four, The butterfly and the dragonfly. The animals went in fifty-five by fifty-five, The cicada and the katydid. The animals went in fifty-six by fifty-six, The grasshopper and the cricket. The animals went in fifty-seven by fifty-seven, The butterfly and the dragonfly. The animals went in fifty-eight by fifty-eight, The cicada and the katydid. The animals went in fifty-nine by fifty-nine, The grasshopper and the cricket. The animals went in sixty by sixty, The butterfly and the dragonfly. The animals went in sixty-one by sixty-one, The cicada and the katydid. The animals went in sixty-two by sixty-two, The grasshopper and the cricket. The animals went in sixty-three by sixty-three, The butterfly and the dragonfly. The animals went in sixty-four by sixty-four, The cicada and the katydid. The animals went in sixty-five by sixty-five, The grasshopper and the cricket. The animals went in sixty-six by sixty-six, The butterfly and the dragonfly. The animals went in sixty-seven by sixty-seven, The cicada and the katydid. The animals went in sixty-eight by sixty-eight, The grasshopper and the cricket. The animals went in sixty-nine by sixty-nine, The butterfly and the dragonfly. The animals went in seventy by seventy, The cicada and the katydid. The animals went in seventy-one by seventy-one, The grasshopper and the cricket. The animals went in seventy-two by seventy-two, The butterfly and the dragonfly. The animals went in seventy-three by seventy-three, The cicada and the katydid. The animals went in seventy-four by seventy-four, The grasshopper and the cricket. The animals went in seventy-five by seventy-five, The butterfly and the dragonfly. The animals went in seventy-six by seventy-six, The cicada and the katydid. The animals went in seventy-seven by seventy-seven, The grasshopper and the cricket. The animals went in seventy-eight by seventy-eight, The butterfly and the dragonfly. The animals went in seventy-nine by seventy-nine, The cicada and the katydid. The animals went in eighty by eighty, The grasshopper and the cricket. The animals went in eighty-one by eighty-one, The butterfly and the dragonfly. The animals went in eighty-two by eighty-two, The cicada and the katydid. The animals went in eighty-three by eighty-three, The grasshopper and the cricket. The animals went in eighty-four by eighty-four, The butterfly and the dragonfly. The animals went in eighty-five by eighty-five, The cicada and the katydid. The animals went in eighty-six by eighty-six, The grasshopper and the cricket. The animals went in eighty-seven by eighty-seven, The butterfly and the dragonfly. The animals went in eighty-eight by eighty-eight, The cicada and the katydid. The animals went in eighty-nine by eighty-nine, The grasshopper and the cricket. The animals went in ninety by ninety, The butterfly and the dragonfly. The animals went in ninety-one by ninety-one, The cicada and the katydid. The animals went in ninety-two by ninety-two, The grasshopper and the cricket. The animals went in ninety-three by ninety-three, The butterfly and the dragonfly. The animals went in ninety-four by ninety-four, The cicada and the katydid. The animals went in ninety-five by ninety-five, The grasshopper and the cricket. The animals went in ninety-six by ninety-six, The butterfly and the dragonfly. The animals went in ninety-seven by ninety-seven, The cicada and the katydid. The animals went in ninety-eight by ninety-eight, The grasshopper and the cricket. The animals went in ninety-nine by ninety-nine, The butterfly and the dragonfly. The animals went in one hundred by one hundred, The cicada and the katydid.
